

CDC Children's Chapel

Wednesdays are also wonderful for our CDC children. Beginning in September of 2011, Rev. Nath Briley and Jessica Varney have held Children's Chapels for the children of our Child Development Center on Wednesday mornings. During each chapel service, children participate in a call to worship, pray, sing songs and hymns, and hear a Bible story. The children are enthusiastic about their special time of worship. The children

enjoy coming to the sanctuary and Rev. Nath explains the various parts of the sanctuary to the children (such as the baptismal font, the communion table, and the pulpit). When the weather is bad, Rev. Nath and Jessica hold the chapel service in one of the CDC classrooms. This is an important ministry to the children of the CDC which we look forward to continuing each week.
